WOMAN'S MISSIONARY COUNCIL, M. E. CHURCH SOUTH

Here.

The Koreans in America are found as follows: In the Hawaiian Islands, 5,000; in the United States, 1,400; in Mexico, 1,000.

Ninety per cent of the Korean immigrants are Christians, and our work here is to conserve them. All the evils and temptations that lurk in China towns are open to them. Instances are not lacking of the spiritual decline of Koreans after they come to this country, where they hope to live with the "Jesus people." This is the difficult feature of foreign missionary work at home.

Our Korean work consists of a large mission in San Francisco and preaching places at Sacramento, Stockton, Sherman Island, and Dinuba and the immigrant work at Angel Island.

There.

"The church in Korea has been a witnessing church, a praying church, a Bible-studying church, and a giving church." The greatest home mission effort of today is that put forth by the Korean church.

Our work centers in four places: Seoul, with Carolina Institute, for which a new building is being erected, five day schools, and missionaries doing evangelistic work; Songdo, where is Holston Institute, Joy Hardie and Mary Helm Bible Schools, and six day schools; Wonsan, where are Lucy Cuningim and Alice Cobb Bible Schools and six day schools; Choon Chun, with five day schools, which are centers for a splendid evangelistic work. Our force consists of twenty-one missionaries.

Despondency Due to Indigestion

"About three months ago when I was suffering from indigestion which caused headache and dizzy spells and made me feel tired and despondent, I began taking Chamberlain's Tablets," writes Mrs. Geo. Hon. Maceoon, N. Y. "This medicine proved to be the very thing I needed, as one day's treatment relieved me greatly. I used two bottles of Chamberlain's Tablets, and they rid me of this trouble." Obtainable everywhere.

HUNGARIAN LANDSTURM UP TO 50 YEARS CALLED OUT

Budapest, Hungary, July 31.—All men of the Landsturm up to fifty years of age have now been ordered up for re-examination by the army doctors. In accordance with a new decree, all men will in the future be classified as either fit for military service, fit for guard service, or physically incapable of any kind of work. All those belonging to the first two classes will be enlisted, those who are not judged fit for military service at the front will serve as guards for the prisoners' camps, railway lines, and warehouses, relieving those now doing such service for the front.

Some of the men of the younger military classes have thus far undergone six or more medical examinations.

PURCELL TO FURNISH LEXINGTON WITH "JUICE"

Purcell, July 31.—The city of Purcell has entered into a contract with the authorities of the city of Lexington whereby the town of Lexington will be supplied with electric current, both for street lighting and for private use. The deal is, however, temporarily held up by delay on the part of the Purcell-Lexington Bridge company, which has not yet entered into the contract to carry the wire across its bridge over the South Canadian river. The contract is in the hands of the company at Chicago and is expected to be signed in a day or two. As soon as the contract is signed work immediately will begin on making the wire connection between the two towns.

If you sit in a cool draft when you are heated and get a stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on BALLARD'S SNOW LINIMENT and don't be talked out of it, because it is the best pain relieving liniment you can get anywhere. Price 25c, 50c and \$1.00 per bottle. SCRIPTURE. #

JEREMIAH 31:31-35.

Behold, the days come, saith the Lord, and I will make a new covenant with the house of Israel, and with the house of Judah:

Not according to the covenant that I made with their fathers in the day that I took them by the hand to bring them out of the land of Egypt; which my covenant they brake, although I was an husband unto them, saith the Lord.

But this shall be the covenant that I will make with the house of Israel; After those days, saith the Lord, I will put my law in their inward parts, and write it in their hearts; and will be their God, and they shall be my people.

And they shall teach no more every man his neighbor, and every man his brother, saying, Know the Lord: for they shall all know me, from the least of them unto the greatest of them, saith the Lord: for I will forgive their iniquity, and I will remember their sin no more.

Thus saith the Lord, which giveth the sun for a light by day, and the ordinances of the moon and of the stars for a light by night, which divideth the sea when the waves thereof roar; The Lord of hosts is his name.

When you yawn a good deal in the daytime, feel dull, achey and want to stretch frequently, it is an unmistakable symptom of malaria, and unless you do something at once, you are booked for a spell of chills. HERBINE is a chill medicine that will prevent or cure the disease. It drives out the impurities on which the malarial germ thrives, strengthens the liver and cleanses the bowels. Price 50c. AGENT AT BYARS KILLED WHEN HANDCAR HITS HIM

While A. O. McCord was on his way to his work as dispatcher at the junction from his home in Byars Tuesday night, on a three-wheel speeder, he collided with a handcar on the trestle this side of Clivet.

McCord and his speeder were knocked off the trestle and fell about twenty feet, the speeder falling on the unfortunate man, breaking his back. Life was almost gone when the parties on the handcar reached him.

The handcar was in charge of three hands who had come from where an extra gang is camped beyond Clivet to Pauls Valley for groceries and were on their way back. Mr. McCord, who was one of the three operators at the junction, had been going back and forth every night to his home in Byars.

Mr. McCord was about 45 years of age. He had been agent at Byars for several years, but liked the night job at the junction better because he worked but eight hours and thus had some time for other business. He was a former agent at Davis and the body was shipped to that place today for burial.—Pauls Valley Enterprise.

The Clerk Guaranteed It.

"A customer came into my store the other day and said to one of my clerks, 'have you anything that will cure diarrhoea?' and my clerk went and got him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and said to him, 'if this does not cure you, I will not charge you a cent for it.' So he took it home and came back in a day or two and said he was cured," writes J. H. Berry & Co., Salt Creek, Va. Obtainable everywhere.

AMERICAN MISSIONS WORK WITH ARMENIAN CHRISTIANS

Tiflis, July 31.—A telegram from Archbishop Nersus from Julfa, says that during the five months of Turkish occupation of Urmia, the American missions there sheltered 16,000 and fed 60,000 Armenian Christians. During the same period, the archbishop said 4,000 died of disease and over 1,000 were massacred. The sum of \$100,000, he said, was needed for the relief of the suffering populace.

AGREEMENT AT LAST ON DEPOT FOR DURANT

Oklahoma City, July 31.—The long drawn out difficulty over a union passenger station at Durant seems to have been closed with the acceptance by Durant people of the plans offered by the Frisco and Katy railroads for a depot in that city. The railroads have been notified by the corporation commission that their plans have been accepted and the work of building the depot will begin in a short time. It is expected by Corporation Commissioner Henshaw that it will be completed by the first of the coming year.

A letter from R. E. Powers, president of the Durant Chamber of Commerce, to the corporation commission, points out that the people of that city are satisfied with the plans as prepared by the railroads and they are pleased at the prospect for an early construction of the building.

The depot will cost between \$30,000 and \$35,000. It will be much like the plans that were prepared by the architect engaged by the people of Durant, save that the waiting room will be smaller—45x45 feet instead of 50x50 feet.

The agreement on plans ends a controversy that has lasted three years. The people of Durant have insisted upon a slightly and rather expensive station building and the matter has been before the commission and the courts in several forms. The arrangement that has been agreed upon will give to that city about the sort of a building that it wanted.

A Meddical Chest for 25c.

In this chest you have an excellent remedy for Toothache, Bruises, Sprains, Stiff Neck, Backache, Neuralgia, Rheumatism and for most emergencies. One 25c. bottle of Sloan's Liniment does it all—this because these ailments are symptoms, not diseases, and are caused by congestion and inflammation. If you doubt, ask those who use Sloan's Liniment, or better still, buy a 25c. bottle and prove it. All Druggists.

CARL MORRIS EASY WINNER IN BOUT WITH DEVERE

Tulsa, Okla., July 31.—Carl Morris of Sapulpa put out Bob Devere of Kansas City in the eighth round of a scheduled fifteen-round fight here last night. The battle was staged at the Western association baseball park before the largest crowd that ever witnessed a ring encounter in Oklahoma, the attendance being estimated at 5,000. It was Morris' first appearance in Tulsa since Governor Cruce stopped the Morris-Flynn fight four years ago.

Morris toyed with his adversary from first to last, drawing blood from the nose in the first round, having him groggy in the second and at his mercy throughout. Devere made a slight rally in the sixth round and landed several blows to the face of the big Oklahoman, which, however, did not jar him. In the eighth, Morris started in to knock out Devere, who was taking an unmerciful beating when Referee Jimmy Kelley stopped the fight and declared Morris the winner.

Morris weighed in at 233 and Devere at 195. Devere entered the ring in good condition, but the giant engineer was rolling in fat and showed evidence of lack of training. His

RADIUM SHOWS DROP IN PRICE SINCE WAR BEGAN

London, July 31.—While most commodities have grown steadily dearer since war began, the price of radium shows a drop of about a thousand dollars a gram in the past year. The reason apparently is that some people who held limited quantities of the available supply were compelled to sell at a loss.

The British army medical department plans to use radium treatment for the benefit of obstinate cases of rheumatism contracted in the trenches.
